To whom it may concern,

The team of ladies in charge and behind the scenes at Exponential Brilliance are a force to be reckoned with! Thorough, approachable and always efficient – we couldn't recommend their services more.

During the Covid pandemic they have gone above and beyond in a true show of solidarity and support of fellow South Africans and colleagues in their #PayingItForward initiative. Their generosity in terms of their time and service has made a huge impact for us, and they need to be applauded and recognized for this. THANK YOU!

Kind regards,
